DEMAND PROBE IN JETT DEATH

Marietta Residents Want Another
Investigation Into
B. I. S. Regime.

COLUMBUS, O., May 19—Prospects of the reopening of the probe into the death of Hamilton Jett, 17 Marietta youth, who died in the Boys' Industrial school at Lancaster from pneumonia, which, his mother charged, resulted from the flogging of the boy, loomed here today.

Rep. O. S. Creighton, Washington state legislator, prosecuting Attorney Fred C. Myers, and Ray Sprague, secretary of the Washington-co Republican executive committee, all of Marietta, called on Governor Myers Y. Cooper late yesterday afternoon and urged the chief executive to take "proper disciplinary action" in the Jett case.

"Public sentiment at Marietta is insistent that proper action be taken," the Marietta visitors declared.

Gov. Cooper, pointed out that Welfare Director Hal H. Griswold has jurisdiction over the boys correctional institution at Lancaster and referred the Washington-co men to that individual.

Because of the lateness of the hour, the Marietta men returned to their home city, saying that they would come back to Columbus later to confer with Griswold. Jett died of pneumonia in the Lancaster school last December. His mother charged that the sickness was brought on by the flogging of the boy. A resultant investigation was conducted by the transfer of the disciplinarian of the school to another position. No blame was placed on the school or any of its officers, however.

Frank Evans, Mary Evans Wilder and Meeker Terwilliger were named administrators. The appraisers are E. S. Neuding, A. C. Wilkes and William Weiler.

Delivers Case Of Whiskey To Officer; Jailed

CINCINNATI, O., May 10—"Bring over a case of liquor," was the telephone request received by Victor Hanson, alleged bootlegger, here.

Hanson heard. Hanson obeyed. He is in jail today.

It happened like this: Willard E. Barcus, federal prohibition agent in charge of the Cincinnati district, and regarded as the "ace" of southern Ohio enforcement officers, learned the telephone number of Hanson's home and also that alleged liquor could be gotten there.

Working on this report, Barcus called up Hanson last night and ordered a "case." Hanson made what Barcus regards as an impregnable "case" when the alleged bootlegger arrived at Barcus' home with an auto load of supposed liquor.

Barcus seized the man's auto and 80 bottles of alleged gin and whiskey. Then he obtained a search warrant and raided Hanson's home where he said he confiscated six bottles of whiskey and nearly 50 bottles of home-brew.

According to Barcus, Hanson asked \$100 a case for the "stuff."

DEMOCRATS OF SOUTH TO AID CORN REGIONS

Will Unite With Agricultural
Republicans For Higher
Tariff Rates.

WASHINGTON, May 10—A bipartisan coalition of corn belt Republicans and south Democrats today emerged from the wide-spread criticism of the Hawley-Smoot tariff bill and prepared to wage a fight to force the tariff upon agricultural commodities to a new high level.

Republican members of the coalition announced that they would go into a Republican conference late today with demands for the right to amend 10 specific agricultural schedules on the floor of the house.

OFFER COOPERATION

Democratic leaders, apparently despairing of success in a drive upon the industrial schedules of the new measure, indicated that they would offer friendly cooperation to the corn belt members.

A stormy caucus, was predicted when the Republicans met behind closed doors to adopt a policy in the consideration of the new measure. In the face of the criticism of the bill, Rep. Tilson of Connecticut, majority leader, announced that no attempt would be made to bind the members to a program in the conference today.

SAYS RATES RECORD

Despite the attitude of the corn belt members, Rep. Hawley, (R), of Oregon, chairman of the committee, declared agriculture has been given the greatest protection in the history of tariff legislation. He appealed to Democrats in Florida and the entire gulf coast from Florida to Texas to support the measure, asserting that they had been given the greatest increases of any section of the country in the new rates on tropical fruits and vegetables.

Rep. Dickinson (R) of Iowa, will propose increases in duty on casein, made from milk; live cattle, hides, tapoca and sugo and potato starch, which are said to displace corn and potatoes; black strap molasses, a substitute for corn; long staple cotton, flax seed and butter, and other farm interests added leaf tobacco to the program.

ELECTRIC WIRE TAKES 2 LIVES

Man, Wife Killed and Son Injured
When Rod Hits
Power Line.

MARYSVILLE, O., May 10.—Monte Blackford, 35, and his wife, Gertrude, 30, are dead today, victims of accidental electrocution resulting from an unusual mishap. Their small son, Donald, 4, was burned about the hands in the same accident.

Blackford accompanied by his wife and son went to the George Hill farm one mile east of Millford Center, near here, to clean out a well.

The man had almost completed his task and was pulling a long iron rod from the interior of the sink hole. He asked his wife to help him. Both took hold of the rod and started drawing it from the well. They were electrocuted a moment later when the rod came into contact with a high tension wire which is strung directly over the well.

Their small son grabbed the rod but suffered only burns about the hand because of the fact that neither boots he was wearing failed to allow grounding of the high-powered current.

DYER RE-ELECTED AS SCHOOL HEAD

At a meeting of the board of education of Salt Creek-twp, W. C. Dyer of Williamsport was re-elected as superintendent at an increased salary.

YOUTHS DINED BY ROTARIANS

Graduates From Circleville
and Township Schools Entertained Here.

Twenty-three boys from the senior class of the Circleville high school and 13 boys from the centralized schools in Pickaway-co. were entertained by the Rotary club at its weekly meeting Thursday noon. Interest in the boys was expressed by the Rotarians at this meeting and the interest of the boys in being invited to such a meeting was well expressed for every member of the Circleville high school class was present.

Dr. John G. Benson, superintendent of White Cross hospital Columbus, brought a message with him that was as much enjoyed and appreciated by the boys as by the Rotarians. Dr. Benson likened the situation of the graduates to the left handed men in the tribe of Benjamin in that they being left-handed, were peculiar and different from the others. But these peculiar men from the tribe of Benjamin became skilled fighters with the sling by training their left hand. Just so the graduates of the high school can enter society and train themselves to become skilled at whatever trade or vocation they desire to follow, he said.

Dr. Benson stated that there were three important points to follow for success.

"First of all you should know yourself," he said. Find out the possibilities that you are capable of, know what you can do and then develop this knowledge. Then second, allow yourself a man who knows how to do something better than a regiment that doesn't know what they are doing. They should join with others who have high motives in life, they should invest their personality to the best advantage.

"And third give yourself in social service to humanity. With your peculiarities properly invested you will gain much compensation." Dr. Benson added that the present generation have people to help them that the young men of olden days did not have. Years ago the older people were not as much interested in the young people as they are today. Dr. Benson commended the Rotary club on the fine spirit in bringing the young men together.

Mr. Gephart principal of the Circleville high school thanked the Rotary club on behalf of the boys for the high school and Prof. M. C. Warner, superintendent of the county schools.

SPECIAL SERVICE

Age Is No Bar To Courtship, Judge Asserts

CHICAGO, May 10—Be he ever so old, man has the right to seek a mate, held Probate Judge Henry Horner here.

"It is an inherent right and the law can set no bar on romance," said the judge.

His remarks were elicited in his denial of a plea of two sons and a daughter, all over 50 years of age, to restrain their father, Douglas Bussie, 84, from wooing a young woman.

The courtship, said the three, already has cost the octogenarian \$150,000 in five years.

The complainants asked appointment of a conservator to preserve Bussie's remaining assets—the family home and \$25,000.

But Judge Horner ruled that the fact that Bussie was promoting a love affair at his age was not sufficient reason for holding him incompetent.

COOPER HITS GIRL DECOYS

Governor Deplores Use of Fair
Sex To Trap Bootleggers
At Lancaster.

COLUMBUS, O., May 10—Again deploping the use of minor girls as liquor decoys, as was exemplified in the recent Lancaster prohibition scandal, and giving an account of his "stewardship" the recent session of the Ohio legislature, Gov. Myers Y. Cooper delivered an address before more than 300 women attending the Ohio Council of Republican Women in convention at a downtown hotel here last night.

"There has been criticism and rightfully, of agents who employed girls of minor age in the detection of liquor violators," the chief executive said. "This method of detection was quite as objectionable to the prohibition commissioner as it was to the governor."

In recounting the actions of the general assembly, Cooper defended that body from the charge that it had ignored his warning of introducing too many measures. Of almost 300 measures, only about 215 were passed and of these 22 were vetoed.

David Ingalls, Ohio's flying colonel, and new assistant secretary of the navy in charge of aviation, also spoke. He said the Buckeye State a new machine when he called it "The Nation's Main Street in Aviation."

The convention is scheduled to close today.

TWO GAS BILLS OF MONTH OUT

New System of Meter Reading
Is Being Inaugurated in
Circleville.

A number of Circleville residents were surprised Friday to receive a bill from the Logan Gas Co. for the second time in May.

The receipt of these bills marks the inauguration of a new system which has been arranged for the Chillicothe district.

The district has been divided into 21 units, 10 of which are in charge of George Foerst, local manager.

Men from Chillicothe will read the meters throughout the district. The bills for each of the 10 units in the Circleville territory will be sent out at a certain time each month with the date they are due stamped upon them. By this method, gas bills will be paid at the Circleville office throughout the month instead of between the first and tenth as has been the custom.

May is the only month in which the consumers will receive two bills and from now on can expect their monthly gas statement about the date they receive the second gas bill of May.

Manager Foerst said that all the bookkeeping is now being done at Chillicothe, where the statements are now mailed. In a few months, he said, this work will all be done at the Columbus office of Ohio Fuel Gas Co., of which the Logan Gas Co. is a subsidiary.

Local employees will soon begin to paint all the gas curb boxes in the city a bright yellow so that they can be easily located in times of emergency.

HIGH WIND IS OVERCOME BY YANKEE STAR

Smiling American Announces
Famous Golf Classic After
Making Record

MUIRFIELD, SCOTLAND, May 10—Walter Hagen, the American eagle, enshrined himself with the immortals of England's links here today by winning his fourth championship in the British open golf classic with a medal score of 280 for the 72-hole distance.

It was the fourth triumph for the sleek, smiling American and curiously enough his grand total was the same by which he penetrated his field in the event last year. His other victories came in 1922 and 1924, giving him a run of success through the last seven years that finds a comparison only in the glamorous careers of Harry Vardon and James Braid. The latter won the title five times back in the early years of the present century. Vardon has won it in his possession no less than six times through a notable time of competition.

FARRELL SECOND

Both were starters in the present tournament but the years bowed them down and only strokes were greater in number.

Johnny Farrell, American open champion, and Lee Diegel, another American, who led the field at the end of the second round, followed Hagen to the line, Farrell having a 75 for a total of 280 and Diegel finishing with 280, with a 77 on the last round. This was a one-two-three triumph for America, which was unsurpassed, and a six-stroke victory for Hagen, the greatest margin of modern era. If not of all time.

Back in 1922, when the Jones won his first title, Walter Hagen and Von Elm, England's wake, to make it a four-stroke victory for American golf. Otherwise, today's sweep of the left America in possession of every honor known to this championship. The best England could do with its man-power was to give Abe Mitchell and Percy Allis a line at 300 each.

PERSONAL TRIUMPH

Hagen's victory with successive rounds of 75, 75 a course record, 75 and 75 was distinctly a personal triumph for the man whose win to win is never governed by conditions. In second place this morning, two strokes behind Lee Diegel, he produced a pair of 79s, when all other contenders were staggering in with the highest kind of seventies and often not the lowest kind of eighties.

Age Is No Bar To Courtship, Judge Asserts

CHICAGO, May 10—Be he ever so old, man has the right to seek a mate, held Probate Judge Henry Horner here.

"It is an inherent right and the law can set no bar on romance," said the jurist.

His remarks were elicited in his denial of a plea of two sons and a daughter, all over 50 years of age, to restrain their father, Douglas Bussie, 84, from wooing a young woman.

The courtship, said the three, already has cost the octogenarian \$150,000 in five years.

The complainants asked appointment of a conservator to preserve Bussie's remaining assets—the family home and \$25,000.

But Judge Horner ruled that the fact that Bussie was promoting a love affair at his age was not sufficient reason for holding him incompetent.

COOPER HITS GIRL DECOYS

Governor Deplores Use of Fair
Sex To Trap Bootleggers
At Lancaster.

COLUMBUS, O., May 10—Again deploring the use of minor girls as liquor decoys, as was exemplified in the recent Lancaster prohibition scandal, and giving an account of his "stewardship" the recent session of the Ohio legislature, Gov. Myers Y. Cooper delivered an address before more than 300 women attending the Ohio Council of Republican Women in convention at a downtown hotel here last night.

"There has been criticism, and rightfully, of agents who employed girls of minor age in the detection of liquor violators," the chief executive said. "This method of detection was quite as objectionable to the prohibition commissioner as it was to the governor."

In recounting the actions of the general assembly, Cooper defended that body from the charge that it had ignored his warning of introducing too many measures. Of almost 800 thrown into the hopper, the governor declared, only about 215 were passed and of these 22 were vetoed.

David Ingalls, Ohio's flying colonel, and now assistant secretary of the navy in charge of aviation, also spoke. He gave the Buckeye State a new nickname when he called it "The Nation's Main Street in Aviation."

The convention is scheduled to close today.

TWO GAS BILLS OF MONTH OUT

New System of Meter Reading
Is Being Inaugurated In
Circleville.

A number of Circleville residents were surprised Friday to receive a bill from the Logan Gas Co. for the second time in May.

The receipt of these bills marks the inauguration of a new system which has been arranged for the Chillicothe district.

The district has been divided into 21 units, 10 of which are in charge of George Forst, local manager.

Men from Chillicothe will read the meters throughout the district. The bills for each of the 10 units in the Circleville territory will be sent out at a certain time each month with the date they are due stamped upon them. By this method, gas bills will be paid at the Circleville office throughout the month instead of between the first and tenth as has been the custom.

May is the only month in which the consumers will receive two bills and from now on can expect their monthly gas statement about the date they receive the second gas bill of May.

Manager Forst said that all the bookkeeping is now being done at Chillicothe, where the statements are now mailed. In a few months, he said, this work will all be done at the Columbus office of Ohio Fuel Gas Co., of which the Logan Gas Co., is a subsidiary.

Local employees will soon begin to paint all the gas curb boxes in the city a bright yellow so that they can be easily located in times of emergency.

Smiling American Annexes
Famous Golf Classic After
Making Record

MUIRFIELD, SCOTLAND, May 10—Walter Hagen, the American eagle, enshrined himself with the immortals of England's links lore today by winning his fourth championship in the British open golf classic with a medal score of 292 for the 72-hole distance.

It was the fourth triumph for the sleek, smiling American and curiously enough his grand total was the same by which he prostrated his field in the event last year. His other victories came in 1922 and 1924, giving him a run of success through the last seven years that finds a comparison only in the glamorous careers of Harry Vardon and James Braid. The latter won the title five times back in the early years of the present century. Vardon has had it in his possession no less than six times through a notable life time of competition.

FARRELL SECOND

Both were starters in the present tournament but the years had bowed them down and only their strokes were greater in number.

Johnny Farrell, American open champion, and Lee Diegel, another American, who led the field at the end of the second round, followed Hagen to the line, Farrell having a 75 for a total of 298 and Diegel finishing with 299, with a 77 on the last round. Thus, it was a one-two-three triumph for America, which was not unprecedented, and a six-stroke victory for Hagen, the greatest margin of the modern era, if not of all time.

Back in 1926, when the great Jones won his first time, Watrous, Hagen and Von Elm finished in his wake, to make it a four-way victory for American golf. Otherwise, today's sweep of the field left America in possession of every honor known to this championship. The best England could do with its man-power was to place Abe Mitchell and Percy Allis next in line at 300 each.

PERSONAL TRIUMPH

Hagen's victory with successive rounds of 75, 75 a course record 75 and 75 was distinctly a personal triumph for the man whose will to win is never governed by conditions. In second place this morning, two strokes behind Lee Diegel, he produced a pair of 75's when all other contenders were staggering in with the highest kind of seventies and often not the lowest kind of eighties.

COMPLICATIONS QUICKLY ENDED BY SPINAGO

Circleville Women Relate Stories of Their Splendid Experiences With This Wonderful Medicine.

Mrs. John H. Stevenson Gaining Weight Every Day Since Starting on New Tonic Containing Spinago.

Mrs. John H. Stevenson who has resided in Circleville for many years, at 428 E. Union Street, made the following remarkable statement regarding Spinago.

MRS. JOHN H. STEVENSON

"The first bottle of Spinago did me more good than seven bottles of another advertised preparation. My health was terribly poor and I could get no relief from medicines and tonics. Indigestion and stomach pains caused me to experience a tired, aching feeling all the time. Some days I was hardly able to get around. My appetite was poor; gas formed in my stomach; my weight dropped to 99 pounds. I lacked energy and strength constantly. It was necessary for me to take pills every night. For years, I tried remedies and tonics for which great claims and promises were made but with no relief, then I heard of Spinago and decided to try a bottle. The improvement was immediate and wonderful and gave me a renewed hope. I have now taken two bottles and am happy in the knowledge that my troubles are over. I don't have to take pills any more. My stomach troubles and constipation are over; there is no sign of indigestion or gas on the stomach; I have gained weight and am gaining every day and feel better than I have in years; the tired, aching feeling is all gone and my only regret is that I didn't hear of Spinago sooner.

"What a wonderful benefit it has been to me and I only wish I had known of it years ago; others who suffer from these ailments will be spared the years of misery that I experienced if they try a bottle of Spinago on my hearty recommendation."

Spinago Is the Most Wonderful Medicine I Have Ever Taken.

Mrs. S. S. Hannah, who resides near Circleville on Rural Route No. 8, is one of the many who have recently praised Spinago. She made the following remarkable statement regarding Spinago:

MRS. S. S. HANNAH

"Spinago has done me more good than any other medicine that I have ever taken. For the past few years my health has been bad, my system has been run-down, and I felt tired and sleepy practically all the time. I had a poor appetite. I was always restless during the night, my nerves were awfully strung, after eating I was always troubled with indigestion which in time caused an extreme sour stomach, leaving a burning sensation of the throat caused by acid stomach.

"Thanks to Spinago I feel like a

Mrs. J. M. Marshall Says: "Spinago Freed Me of All My Aches and Pains"

Just a short time ago Mrs. J. M. Marshall, of 154 York St., Circleville, O., made a special trip to the Mykrantz Pharmacy to see the manager, and tell him of the wonderful results she was able to obtain through this new medicine Mrs. Marshall said:

"Spinago surely proved to me that it is worthy of being called a wonderful medicine! For five long years I have been troubled with an abscess in my abdomen, which during this time kept me bedfast for fifteen weeks; seven and one-half of these fifteen weeks were spent in the hospital undergoing and recovering from three operations.

"Since that time I have been troubled with a chronic case of stomach trouble, mild case of constipation, and after eating I suffered extremely with a pain or heaviness in the upper part of my stomach, with extreme gas and sour stomach.

MRS. J. M. MARSHALL

"One physician diagnosed the case as gall trouble; another as female trouble. But at any rate Spinago has given me enough relief that I am recommending it to my friends. Although I am not yet permanently cured I am thankful to Spinago for the hours that I have spent the last few weeks without pain or dizzy headaches. I intend to keep right on until Spinago has done away with my troubles completely.

"Spinago has been the only medicine that has ever given me any relief for the above ailments so I wish to thank those who recommended Spinago to me."

different woman entirely, it is the most wonderful medicine that I have ever taken. I only wish that I could of heard of it sooner. After taking two and one-half bottles of Spinago I am able to sleep soundly every night. I have a wonderful appetite, so now I can really appreciate my meals for I am not troubled with indigestion, sickness at stomach, or sour stomach. My nerves are in good condition now.

"I also hope that if there are others who have suffered as I have would also give Spinago a trial. So I hope those whom have not taken Spinago will see what I have written, and see what it has done for me. I am sure that it will do them just as much good if they will only give it a trial."

BUDGET FIRM OPENS OFFICE ON SATURDAY

Citizens Co., of Chillicothe, Will Offer New Financial Service.

The formal opening of the Citizens' Budget Co. at 17 W. Second-Chillicothe, will take place Saturday from 2 to 10 p. m. The firm will open its doors for business Monday, May 6.

Charles Z Erdmann is president, E. R. Prather, executive vice-president and manager E. F. Bearce treasurer and Ben M. Segal secretary.

Other directors follow: Charles D. Duncan, A. C. Murray, Charles Vallery, E. E. Rockhold, Dean T. Waddell and F. B. Coughlan.

"The primary thought that inspired the members of the Board of directors to identify themselves with this institution was the outstanding opportunity for service which the Citizens Budget company affords to the industrial worker, small wage earners, clerks small merchants and the professional men and others," Mr. Erdmann said today.

BANK OF HONESTY

The inherent honesty of the average man is the secret of the success of the system. The loss through the budget system is only one-eighth of one per cent, according to Mr. Erdmann. More than a billion dollars has been loaned in amounts averaging \$200.00 to an enormous number of people, yet the loss has been very, very small, he said. This proves conclusively that the average man will pay his debts if he can and the Citizens Budget System attempts to aid him. No chattel mortgages are accepted. We lend without collateral.

The basis for loans rests upon the character of the individual, and insists upon his systematically setting aside small sums of money over a regular period—either weekly, semi-monthly or monthly as the case may be in order to meet his obligations. Two responsible friends to endorse the loan are required. The net cost for a year per \$100 borrowed is \$8.40. To encourage promptness and carry out the idea of thrift on a constructive basis, all payments made promptly will bear interest. All of which directly benefits the borrower, the creditor, and the community as a whole profits by this modern system of banking.

AID TO BUSINESS

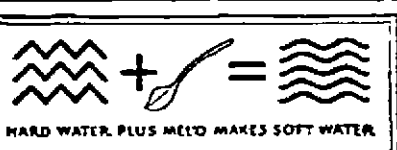

The system offers to the business man the ability to get cash for discounting trade acceptances, notes and installment contracts, and to convert their accounts receivable into immediate cash. It will relieve banks from the unprofitable business of making small loans.

It is a recognized fact that contract sales paper is rapidly increasing in volume and should be handled right here in Chillicothe where the business originates, as will be done under the Citizens plan. The capital of the company is sufficiently large to handle a volume of this business in addition to character loans.

In no sense will this institution compete with Commercial Banks, Building and Loan or Trust Companies, as under no guise will deposits be accepted.

Earth's End Guesswork

According to a statement by the director of Harvard observatory, millions of meteors strike the earth's atmosphere daily, and the annual increase of the earth's mass resulting from the accumulation of this matter is about 30,500 tons. At this rate he points out that it would take millions of years to accumulate a layer an inch thick. On the other hand there may be slight losses in the earth's mass or in the earth's atmosphere as it rushes through space, but it is mere speculation to talk of what the end of this earth will be.

Such greasy hands!

Hard water won't clean them

Hard water can't do much with greasy hands. Of course, you use lots of soap. You try to get a thick lather. But the water is too hard; it combines with the soap and forms a scum. How can you expect to clean greasy hands in that water?

There is a way. Use Melo. Sprinkle a little in the basin. Water softened with Melo makes a wonderful cleaner, with or without soap. Soft water and soap and lots of lather; grease won't stay long on your hands. Get a can of Melo at your grocer's today.

Always Safe

When your Children Cry for It

Here's relief and comfort for crying, fretful, feverish babies or children that you don't need to urge or command them to take. They love the delicious taste of Fletcher's Castoria. Your doctor will tell you it's absolutely safe, so you can give it as freely and as often as needed to keep your children happy and well. A few drops is all it takes to quiet fretful, feverish, colicky babies; relieve their biliousness, gas on stomach, constipation, etc.; soothe them to sleep in a jiffy. For like disorders in older children, you simply use a little larger dose of the same reliable Fletcher's Castoria. Don't use grown-folks' medicine; with babies or children, specialists say. Ninety per cent. of them recommend Fletcher's Castoria; and thirty years of steadily increasing popularity proves they're right. To protect you from imitations, the Fletcher signature is on every bottle of genuine Fletcher's Castoria.

Difference in Rainfall

There is uncertainty about what constitutes a day's rainfall. At London, for example, popularly regarded as a wet place, it seems that the best the clouds ever have done was 3.12 inches of rain in 24 hours. In France, however, there was a shower at Jopeus which checked out at 31.17 inches in the same time. At Genoa, the best rain was 30 inches for a day's job. Gibraltar has a record of 33 inches, but it took 26 hours to get down. In the Kashi hills, India, the record drizzle is 30 inches a day for five consecutive days. This foots up at 15,000 tons on every acre.

"Sine die" means "without day." For instance: when a convention is adjourned "sine die" it means that it is adjourned without fixing any time for another session.

connected with any governmental activities in the Capitol in The Herald, Care Department of Agriculture, Columbus, Ohio.

Editor, The Herald:

It is interesting to note the operations of the Bureau of Markets in the Department of Agriculture, under the direction of C. Waid, chief of the division. Such close check is kept that market conditions are known from day to day, as well as probable price changes somewhat in advance.

Mr. Waid points out that the notion that apples alone control the apple market, is not true. Oranges influence apple prices. Potatoes influence the market value of other vegetables. A scarcity of one fruit or vegetable stiffens the demand for others. Last Saturday 79 cars of vegetables and fruits arrived in Columbus, from states far and near. This total exceeded any single day's receipts for years and will tend to depress prices for days.

These facts emphasize the need of growing demand for collective marketing of farm products. The single producer gets for his products what the market prices happen to be. Control of large quantities would mean taking advantage of conditions. Farmers are on the verge of a new marketing and financing system, authorities agree. From that direction will real relief come.

CONTRIBUTION TO SPORT

Chief J. W. Thompson of the Fish and Game division, estimates that Ohio sportsmen leave over a million dollars in Canada annually in return for hunting and fishing privileges. He expresses hope that eventually the pioneer game laws that send sportsmen abroad may be gratified in Ohio's own fields.

Ohio now owns 14 fish hatcheries, six of which are not in operation. Some of them are to be enlarged. A new project proposed by Chief Thompson is the establishment of four or five rearing ponds in the state to take the young fish from the hatcheries and give them sanctuary in ponds until they learn how to shift for themselves and grow to somewhat near legal size. This plan, it is thought, will decrease mortality of fish 60 per cent. Another project Mr. Thompson has in mind is a raccoon farm to provide coon for

stocking purposes, in recognition of the night-hunters.

AN EARLY FALL APPLE

Another favorite in the list of Ohio apples is the Maiden Blush—a yellowish variety with rosy blushed cheek. Season last of August through September. A good eating apple when in its prime and an excellent cooking variety for either sauce or pie. An old standby still grown by a good many Ohio orchardists. Sold on most Ohio markets.

A booklet on Ohio apples may be had by request to the Ohio Department of Agriculture.

WHERE ARE NOTED TREES?

The Ohio Department of Agriculture will appreciate and make use of photographs and descriptions of noted trees in the state. There are many such—some with most interesting historical import. Trees may be worthy of note for their age, or on account of important meetings which took place under their spreading branches, or

perhaps for size, commercial importance, etc. Photos sent should have name of sender and address on reverse side. Send photos and comments to Ye Editor, Department of Agriculture, Columbus, Ohio.

BEWARE OF BEE BARGAINS

A strong word of caution should be issued against the purchase of bees from farm sales. Mrs. C. A. Reese, state apiarist, says she has found under these circumstances, they are usually in poor equipment, with inferior

combs headed by an old black queen. No bees should be purchased any place, at any time, unless accompanied with a certificate of inspection or subject to later inspection," says Ye Country Editor.

The Formal Opening of the CITIZENS BUDGET CO.

of Chillicothe, Ohio, Inc.

17 W. Second St.

Tomorrow-- Saturday, May 11, Afternoon and Evening
YOU ARE CORDIALLY INVITED TO ATTEND

The Citizens Budget Company will offer a necessary and distinct financial service, in no way competitive with Commercial Banks, but supplementing them in providing CHARACTER LOANS in a safe, business-like manner. This service will meet the needs of the vast number of individuals and firms unable to obtain needed funds through ordinary banking channels. The CITIZENS SYSTEM requires the borrower to systematically set aside small weekly or semi-monthly sums to apply on their loan, and thus a habit of thrift is definitely developed.

In addition to providing Character Loans, the Citizens Budget Company will also be equipped to handle a large volume of time payment paper for local Merchants and Dealers. This will provide a method whereby business and professional men can convert accounts receivable and notes into cash for working capital. Such a service meets a definite community need, and this strong need is being met and offered by men of recognized ability and standing in this community. will be to the great advantage of both the business and individuals of Circleville.

A Loan Today -- A Year To Pay

The CITIZENS SYSTEM of making loans is a safe method of lending sums of money from \$50.00 to \$5,000.00, payable in weekly or monthly payments over a period of a year, with character and credit as the basis.

This method of lending sums of money is a safe and sound method of lending sums of money over a period of a year, with character and credit as the basis.

A CHANCE TO BLUNDER

The present congress is going to have some knotty problems to solve in connection with the new tariff changes. It will have plenty of chances to make blunders.

Chief among these chances is that presented by the proposal to lay a heavy import tax on sugar from the Philippines.

The situation in the Philippines, thanks to the wise administration of Governor Generals Wood and Stimson, has improved immensely in the last few years. The demand for independence is no longer the sharp, acrid thing it was a short time ago. More and more the Filipinos have come to realize that the retention of the islands by the United States will work for their own advantage.

To slap a stiff tariff on Philippine sugar would be to end this happy situation and bring back the old dissatisfaction. Overnight the "Philippine question" would become vexatious again. The painstaking work of conciliation would be undone.

A SKYSCRAPER'S AGE

Things grow old quickly in this modern world.

In Chicago, a matter of 35 years ago, was built the world's first skyscraper—the Tacoma building, 14 stories tall, erected on a new principle which made a steel framework carry all the weight.

For years it was a marvel. Architects studied it, and the lessons it taught led to the construction of the towering buildings that mark every American city.

But now it is being torn down—after a scant 35 years of life. It is out-of-date—too small, too cramped. In its place will rise a building three times as high.

PADDED PAYROLLS AT SEA

One reason why the United States government's venture in the merchant shipping world was conducted at a financial loss may possibly be seen in an announcement recently made by the business men who took over the Leviathan and 10 other ships, that 300 men would be lopped from the payroll forthwith.

William L. Bunker, vice president of the new line, said that at least 100 men could be cut from the crew of the Leviathan without in any way impairing the efficiency of that vessel. Cuts in other crews, he added, would be made in proportion.

Anyone who has ever had experience with municipal governments is aware that padded payrolls are a common feature of government business. If such a phenomenon existed on the government's merchant ships, it is small wonder that they operated at a loss.

Comparatively New Letter

The letter J is a comparatively late variant of the Latin I. The form J was developed from I during the Middle Ages, but it was long used in certain positions in the world without regard to the sound as consonant or vowel. J gradually became differentiated from I in function as well as form, but the separation of J as a consonant and I as a vowel was not fully established until the Seventeenth century.

THE DAILY HUDDLE

Daphne by HAZEL LIVINGSTON

WHAT HAS HAPPENED SO FAR.

AT seventeen Daphne Haines finds herself the victim of a hard, calculating stepmother who had married her father for money. Crystal, the second Mrs. Haines' beautiful daughter, becomes the darling of the household, usurping Daphne's place in her father's affections. The two women tolerate Daphne until Ralph McKevitt, a wealthy young man who had been calling upon Crystal, discovers Daphne in the garden one lovely Spring day, and admires her. Crystal indignantly resents this, resorts to tears and temperance, but is finally placated when her mother promises to "fix everything." Realizing that Daphne developing into beautiful womanhood may prove a thorn in the path of Crystal's conquest of McKevitt, Mrs. Haines determined to make the girl's life miserable. Cleverly she provokes a quarrel between Daphne and her father.

NOW GO ON WITH THE STORY.

CHAPTER III.
"THAT'll be about enough from you!"

Seven words, and they marked the end of Daphne as a daughter of the house.

It was astonishingly easy. Old Man Haines didn't even notice what was happening, and Daphne was too proud to protest.

"Crystal is having company tonight. I hope you'll let her have the living room, Daphne. You can read upstairs, can't you?"

Or a little ridicule. "I hope you didn't dress up because Crystal is expecting a few friends. Mercy, what a long face! I believe the child did . . . Crystal, will you look at her blush! Maybe there's some young man . . . I'll bet it's Ralph McKevitt—there—I knew it—look at her, lovesick if ever I saw a lovesick girl. Shame on you, Daphne."

"I always said to Crystal, and I'll say the same to you as if you was my girl. I always said, 'Don't force yourself where you aren't wanted!' Now you bide your time, an' when Crystal and a certain party announce their engagement, then we'll have a real big party an' you can invite some of your friends, and—"

But Daphne never waited for the promise. She fled to her room to read or weep. Mrs. Haines didn't know, and didn't care which. "I've lost him," Daphne thought, and the hot tears would rush to her eyes to be wiped away before they were shed. And then, honestly, "No, I haven't, 'cause I never had him. He took one look at me, and then forgot all about me. I was making believe."

Perhaps some day the stage, or pictures . . . Juliet, like Jane Cowd. But these things wouldn't come in a minute. You'd have to have something else, some way to earn a living if you weren't clever at coaxing for the money—like Mama and Crystal.

So she'd sharpen her pencil to a needle-like point and copy the word-signs in the shorthand book, over and over, over and over. Finish the business course at High— that was the first thing . . . and then . . . and then . . .

Daphne wasn't so ill-prepared for the world as she looked.

Adelina's little finger was a marvel of elegance as she poured just a shade too narrow, blue-faded dress and white kid gloves darkly stained with perspiration. "Mercy, it's hot! Pretty soft for you sitting on the porch reading a book. I don't know why the schools have these long vacations where's your father?"

"In the dining room. He's been working with his check books and things all morning, and all last night. He—he doesn't seem very well."

"Check books!" Mrs. Haines wheezed.

Without stopping to powder her shining nose or remove the tight hat that was making a cruel red line around her aching head, she made for the dining room.

"Aber, what does this mean—?" He looked up from the table where he was working, swept a thick, hairy wrist across his tired old eyes. "Adelina, I—I must have been crazy. Didn't stop to

realize now the money was gone. I'm not a rich man, Adelina, I wish I was—"

"Not a rich man . . . Not a . . . what are you saying? My God, have you deceived me? Aber! What are you telling me—speak up—"

Daphne heard her stepmother's voice going up and up, hysterically, rising to a thin, shrill scream. Then her father's low, beseeching, feverishly explaining, explaining—

With burning cheeks she tiptoed away.

When she came back into the house, late in the afternoon, Old Man Haines was still shut in the dining room, working over his books.

Upstairs Adelina walked the floor. Back and forth. Back and forth, from the big front room that was hers, full of plump pink silk cushions and baby pictures of

"Let him go broke—who cares."

money wouldn't last a year! It . . . it was going fast now . . . he was in a bad way. He went inside and did some figuring. He worked most of the night. In the morning he went to see Tulson, at the bank.

It was on a Wednesday morning that Mrs. Haines and Crystal got back. A hot day, full of white, glaring sun, and dry, spicy smelling dust, swept up from the unpaved orchard road. Crystal, triumphant and fresh as a daisy, ran ahead.

Mrs. Haines followed, fallen arches sagging in pumps that were just a shade too narrow, blue-faded dress and white kid gloves darkly stained with perspiration. "Mercy, it's hot! Pretty soft for you sitting on the porch reading a book. I don't know why the schools have these long vacations where's your father?"

"In the dining room. He's been working with his check books and things all morning, and all last night. He—he doesn't seem very well."

"Check books!" Mrs. Haines wheezed.

Without stopping to powder her shining nose or remove the tight hat that was making a cruel red line around her aching head, she made for the dining room.

"Aber, what does this mean—?" He looked up from the table where he was working, swept a thick, hairy wrist across his tired old eyes. "Adelina, I—I must have been crazy. Didn't stop to

Crystal, to the trotty green coolness of Crystal's room.

Crystal croaked, trying to curl her back pair. "Let him go broke—who cares? I'll be married any time now and then—"

"You only think of yourself," Mrs. Haines went on hysterically. "It's my own fault, bringing you up so selfish. Working my fingers to the bone for you—"

"Mama, will you shut up!" Somebody was coming up the stairs, the two women paused to listen. But it was only Daphne, Daphne, white and wan in a faded middie. "There's a C. O. D. downstairs from the city for Crystal, a hundred and eighty dollars."

"I told you to charge it!" Crystal shrieked, galvanizing into action now, and glaring accusingly at her mother.

Mrs. Haines stopped whining, her loose mouth tightened. She stared bitterly and dotingly at her daughter. "I never thought," she began falteringly, "I never thought but what it would be easy to get the money—"

More voices downstairs. The old man's stern and angry. "No, I won't say—I didn't order it. Take it away!"

The front door slammed, and the old man shuffled toward the stairway. They heard him coming up, heavily, breathing hard.

"Your father turned out fine I must say!" Adelina shrieked to Daphne. "I mighta known—I was a fool to trust him!"

A Country Editor IN AND ABOUT THE STATE HOUSE

And Cooperation for Herald
A Department of News Service
Readers

To Herald Readers:
The writer is a Country Editor whose duties at the State House afford him opportunity to write of happenings and conditions in and about the Capitol which should prove of special interest to the Circleville Herald readers.

A feature of this department, through special arrangement between The Herald and the Department of Agriculture, is that readers may feel free to address inquiries and communications touching on matters

connected with any governmental activities in the Capitol to The Herald, Care Department of Agriculture, Columbus, Ohio.

Editor, The Herald:

It is interesting to note the operations of the Bureau of Markets in the Department of Agriculture, under the direction of C. Waid, chief of the division. Such close check is kept that market conditions are known from day to day, as well as probable price changes somewhat in advance.

Mr. Waid points out that the notion that apples alone control the apple market, is not true. Oranges influence apple prices. Potatoes influence the market value of other vegetables. A scarcity of one fruit or vegetable stiffens the demand for others. Last Saturday 79 cars of vegetables and fruits arrived in Columbus, from states far and near. This total exceeded any single day's receipts for years and will tend to depress prices for days.

These facts emphasize the need of growing demand for collective marketing of farm products. The single producer gets for his products what the market prices happen to be. Control of large quantities would mean taking advantage of conditions. Farmers are on the verge of a new marketing and financing system, authorities agree. From that direction will real relief come.

CONTRIBUTION TO SPORT

Chief J. W. Thompson of the Fish and Game division, estimates that Ohio sportsmen leave over a million dollars in Canada annually in return for hunting and fishing privileges. He expresses hope that eventually the pioneer game law that sends sportsmen afield may be gratified in Ohio's own fields and along its streams.

Ohio now owns 14 fish hatcheries, one or three of which are not in operation. Some of these are to be enlarged. A new project proposed by Chief Thompson is the establishment of four or five rearing ponds in the state to take the young fish from the hatcheries and give them sanctuary in ponds until they learn how to shift for themselves and grow to somewhat near legal size. This plan, if it thought, will decrease mortality of fish 60 per cent. Another project Mr. Thompson has in mind is a raccoon farm to provide coons for

stocking purposes, in recognition of the night-hunters.

AN EARLY FALL APPLE

Another favorite in the list of Ohio apples is the Maiden Blush—a yellowish variety with rosy blushed cheek. Season last of August through September. A good eating apple when in its prime and an excellent cooking variety for either sauce or pie. An old starchy still grown by a good many Ohio orchardists. Sold on most Ohio markets.

A booklet on Ohio apples may be had by request to the Ohio Department of Agriculture.

WHERE ARE NOTED TREES?

The Ohio Department of Agriculture will appreciate and make use of photographs and descriptions of noted trees in the state. There are many such—some with most interesting historical import. Trees may be worthy of note for their age, or on account of important meetings which took place under their spreading branches, or

perhaps for size, commercial importance, etc. Photos sent should have name of sender and address on reverse side. Send photos and historical comments to Ye Editor, Department of Agriculture, Columbus.

BEWARE OF BEE BARGAINS

A strong word of caution should be issued against the purchase of bees from farm sales. States C. A. Reese, state apiarist. "Where bees are found under these circumstances, they are usually in poor equipment, with inferior

combs headed by an old black queen. No bees should be purchased any place, at any time, unless accompanied with a certificate of inspection or subject to later inspection," says Ye Country Editor.

BRIDGEPORT, CONN., May 10.—Mrs. Mary Bratina, mother of seven, with the youngest at her breast, today began serving the first of 30 days to which she was sentenced as a bootlegger by Judge Buckley in city court.

MISSIONARY SLAIN

LONDON, May 10.—An American missionary, the Rev. Herbert Smith, of Zionville, Indiana, was murdered by Chinese bandits at Singyi in southwestern Kweichow, a dispatch from Shanghai to the London Times stated.

HOYT'S COMPOUND IS A GOD SEND

This Well Known Man Praises It: Urges Others To Get It and Take It.

MR. W. F. MYERS.
HOYT'S COMPOUND was a GOD SEND to me," said Mr. W. F. Myers, 901 East High street, Springfield, Ohio.
"For 20 years I have been suffering with my stomach," said Mr. Myers. "At first I thought I would overcome it naturally, but instead of that it kept growing worse and everything I ate would go against me and cause severe gas pains and terrible indigestion. At times the gas would push upward against my heart and I could hardly get my breath and many times felt as though I would smother to death. At first I was under the impression that it was heart trouble, but soon found that it was this terrible stomach gas which was forming on my stomach that caused the trouble. I grew extremely nervous and was unable to sleep well at night because of this terrible stomach misery. I had tried every different kind of medicine that I could hear of and actually spent HUNDREDS OF DOLLARS with no result whatever. Then a friend recommended this Hoyt's Compound and at the same time told me about the remarkable benefits he had derived by taking it and I decided to try it in one last effort to restore my health. I certainly am thankful now to that friend who put me next to this medicine as I have gotten more results from a SINGLE BOTTLE of Hoyt's than I had gotten from all of the other medicines that I ever took. I am now feeling like a different person altogether since I am able to sleep well at night and no longer have that nervous trouble. Am now able to eat anything without fear of that stomach gas and I also want to add that my bowels are now in perfect condition, and I am never forced to take STRONG PHYSICS as before. I feel that EVERYONE should know about this 'Wonderful Compound' and intend to tell others about it as it was certainly a GOD SEND to me."
Hoyt's Compound is now being explained every day here in Circleville at Wilder's Drug Store and is sold by leading druggists everywhere. Adv.

GIANTS, CUBS ARE TO RENEW OLD WARFARE

Feudist: Will Meet Today For First Time In 1929 Season.

NEW YORK, May 10.—Bitter rivalry of the diamond will be renewed here today when the Chicago Cubs and New York Giants, pre-season favorites for the National league championship, clash for the first time this year. The enmity born in 1908 because of the Merkle boner and the subsequent play-off for the league championship, has flamed anew and memories of the historic duels between Christy Mathewson and Mordecai Brown are recalled as the teams begin their three-game series in the shadow of Coogan's bluff.

The faltering Giants, generally strong finishers, have been losing game after game in late innings while the cubs, a poor road team last year, have lost only one game on their current eastern trip. The Bruins swamped Brooklyn again yesterday, 11 to 2, sweeping the

series. The Robins are now back in the cellar.
REDS WIN ONE
Earl Sheely, former White Sox first sacker who hasn't been hitting his weight in soap bubbles, knocked in all of Pittsburgh's runs as the Bucs nosed out the Giants, 4 to 3. Sheely's homer with two on in the eighth, enabled Burleigh Grimes to beat his former mates for the sixth straight time since McGraw let him go. Pittsburgh won two games of the three-game series.
With Alexander on the mound, the Cardinals trounced the slipping Braves, 5 to 1, and grabbed the series by two games to one. Ford's hitting featured Cincinnati's 7 to 5 win over the Phillies.
Murderers' row meets another band of sluggers today when the Yankees open against Detroit. The Tigers had won six straight before being stopped by Washington yesterday 6 to 3. Ad Liska, underhand twirler from Minneapolis, was the winning pitcher.

BROWNS FLOP AGAIN
The Yanks stretched their winning spurt to seven games by downing the Browns, 7 to 3, Henry Johnson chalking up his first victory of the season. Lazzeri's homer with two on in the sixth practically ruined Sam Gray.
Garnering 15 hits, the Athletics submerged the White Sox, 9 to 2. Earnshaw pitched for the Mack-men and Fox hit a homer.
Cleveland nosed out the Red Sox in the ninth, 4 to 3. Fonseca had a perfect day at the bat with four hits.

"NEVER DID I SEE A MEDICINE LIKE KONJOLA"

Modern Compound Restored Man To Health and Strength After Attack of "Flu."

MR. NICHOLAS T. CATON.
"I have never seen a medicine that could even compare with this new Konjola," said Mr. Nicholas T. Caton, Route No. 2, Fresno.
"A severe attack of the 'flu' left me in a weak and run-down condition. I had just about lost my appetite entirely. I was so weak and short of breath that I could hardly walk. I needed something to cleanse my system of the poisons, and to build me up.
"By the time I had used four bottles of Konjola, my health troubles were all gone. I am strong as I was before I was taken down with the 'flu.' My appetite has returned, and is as good as it ever was. Konjola surely deserves all the good things said about it and I shall never lose an opportunity to praise it."
Konjola is sold in Circleville, Ohio, by Hamilton & Ryan's drug store and by all the best druggists in all towns throughout this entire section.—Adv.

ATTEND FUNERAL
Among those from out of town in attendance at the funeral of Mrs. Mary Glick on Thursday were Miss Stella Rudy, Miss Ella Rudy, Miss Ida Rudy, Harry Rudy and Frank Rudy of Dayton; Mr. and Mrs. Glenn Gershon and Mrs. Lewis Gershon of Covington, O.; Mrs. Havens of Tippicanoe City, and Mr. D. H. Heater of Piquette.

Japanese Delicacy
"Ryusai" is a dish peculiar to Java, writes Nellie M. Scanlan, in John O'London's Weekly. In a Java hotel you order Ryusai. The waiter brings in a large bowl of rice. You take a generous portion on the soup plate provided. Behind him in a row are from 10 to 15 other waiters, each with a dish or two, from which you take a sample. There are chicken, fried bananas, dried fish, hard-boiled duck eggs, preserved ginger, chopped onions, chunks of pineapple, raw herring, sliced cucumbers, peppers, chilies—something up to 30 varieties. The diner helps himself to all his capacity will allow.

"NEVER DID I SEE A MEDICINE LIKE KONJOLA"

Modern Compound Restored Man
To Health and Strength After
Attack of "Flu"

MR. NICHOLAS T. CAVAN.
"I have never seen a medicine like Konjola," said Mr. Nicholas T. Cavan, Route No. 2, Parma, Ohio.
"A severe attack of the 'flu' left me in a weak and run-down condition. I had just about lost my appetite entirely. I was so weak and short of breath that I could hardly get up. I needed something to cleanse my system of the poison, and to build me up.
"By the time I had used four bottles of Konjola, my health troubles were all gone. I was strong as I was before I was taken down with the 'flu'. My appetite has returned, and I am just as fit as ever was. Konjola really does all the good things I had heard about it and I shall never lose an opportunity to praise it."
Konjola is sold in Circleville, Ohio, by Hamilton & Fox's drug store and by all the best drug stores in all towns throughout this entire section.—Adv.

MISSIONARY SLAIN

LONDON, May 10.—An American missionary, the Rev. Herbert Smith, of Zionville, Indiana, was murdered by Chinese bandits at Singyi in southwestern Kweichow, a dispatch from Shanghai to the London Times stated.

HOYT'S COMPOUND IS A GOD SEND

This Well Known Man Praises It: Urges Others To Get It and Take It.

MR. W. F. MYERS.
HOYT'S COMPOUND was a GOD SEND to me," said Mr. W. F. Myers, 901 East High street, Springfield, Ohio.

"For 20 years I have been suffering with my stomach," said Mr. Myers. "At first I thought I would overcome it naturally, but instead of that it kept growing worse and everything I ate would go against me and cause severe gas pains and terrible indigestion. At times the gas would push upward against my heart and I could hardly get my breath and many times felt as though I would smother to death. At first I was under the impression that it was heart trouble, but soon found that it was this terrible stomach gas which was forming on my stomach that caused the trouble. I grew extremely nervous and was unable to sleep well at night because of this terrible stomach misery. I had tried every different kind of medicine that I could hear of and actually spent HUNDREDS OF DOLLARS with no results whatever. Then a friend recommended this Hoyt's Compound and at the same time told me about the remarkable benefits he had derived by taking it and I decided to try in one last effort to restore my health. I certainly am thankful now to that friend who put me next to this medicine as I have gotten more results from a SINGLE BOTTLE of Hoyt's than I had gotten from all of the other medicines that I ever took. I am now feeling like a different person altogether since I am able to sleep well at night and no longer have that nervous trouble. Am now able to eat anything without fear of that stomach gas and I also want to add that my bowels are now in perfect condition, and I am never forced to take STRONG PHYSICS as before. I feel that EVERYONE should know about this "Wonderful Compound" and intend to tell others about it as it was certainly a GOD SEND to me."

Hoyt's Compound is now being explained every day here in Circleville at Wilder's Drug Store and is sold by leading druggists everywhere.—Adv.

HUSBAND SLAYER DECLARED INSANE

GREENUP, KY., May 10.—Having been declared insane by a jury Mrs. Lena Conley, 38, mother of six children, who allegedly shot and killed her husband, Dave Conley, last July, was today awaiting commitment to an asylum. Mrs. Conley, prior to her trial, had been declared sane by two alienists.

Her attorneys pleaded with the jury at the trial, however, to judge if the woman was sane. The deliberating body found her insane, after being closeted in the jury-room for only a short time.

VON BORA SOCIETY TO HONOR MOTHERS.

The members of the Von Bora society of the Trinity Lutheran church will entertain their mothers to a covered dish supper Monday evening at 6:30 o'clock at the parish house on E. Mound-st. During and following the dinner a toast master will have charge of a short and very entertaining program.

MRS. EVELAND WINS CLUB PRIZE

Mrs. Don Morris and Mrs. Ned Groom were guests Thursday night at the home of Mrs. Tom Renick when she acted as hostess to her bridge club. The winner of the prize for the evening's high score was Mrs. Harold Eveland.

MRS. PEER IS HONORED

The children and grandchildren of Mrs. A. E. Peer gathered at her home on Powell-st., Ashville, on Sunday, May 5, to celebrate her 86th birthday anniversary. Upon arrival home from Sunday school and church a basket dinner was served to 35 guests. Everyone enjoyed the day and on departing all wished grandmother many more happy birthdays.

ANNUAL BANQUET FOR MOTHERS AND DAUGHTERS

More than 60 guests were present Thursday night at the Methodist church, at the Mother and daughter banquet, an annual affair of the Young Married Ladies' Bible class of that church. All were seated at long tables for the

elaborate two course dinner. The center decorative piece on the table was a great basket of colorful flowers of the month, and the crystal candelabra holding lavender tapers, formed the keynote of the color motif of lavender and white. The napkins too, were lavender, and formed a design of this color along the edge of the white table cloth. At each place set for a guest, was a beautiful tulip, a favor in honor of Mother's day, which the dinner celebrated.

As the feature of the after dinner entertainment, 22 members of the class offered a comedy skit, "The Spinsters' Convention." This highly comical performance was made more humorous still by the parts portrayed by Mrs. Homer Gladell, Mrs. I. E. Gephart, and Mrs. Paul Reid. Mrs. Fred Grizer, Mrs. Dwight Binnis and Mrs. Noel Try also had leading parts.

IS ENTERTAINED

Mrs. Vol Valentini, president, presided at the business meeting Thursday afternoon of the Ladies' Aid society of the Dreisbach Brethren church which was held at the home of Mrs. I. M. Fricke in Salsbrook-two. More than 40 members and guests were present, who participated in the business session, and enjoyed the social hour that followed. Mrs. Harley Roll and daughter, Miss Helen Roll were joint hostesses to the affair.

The interesting program of the afternoon consisted of readings by

Mrs. E. C. Aldenderfer and Miss Mary Karshner, a piano solo by Miss Blanche Walliser, and a vocal solo by Miss Vilfrid Walliser.

LADIES' SOCIETY HAS MAY MEETING

The meeting of the Ladies' society of Trinity Lutheran church, which was held Wednesday night, at the Parish house, was opened by singing of the hymn, "Spread, Oh Spread, the Mighty Word," and was followed by scripture reading and prayer. The Rev. G. J. Troutman then offered a prayer for Mrs. Mary Ramer Glick, and the members all united in singing "Nearer, My God to Thee," in memory of Mrs. Glick and of Mrs. Harriett Teegardin, two members of the society, who have recently died.

The program then continued with a missionary paper which was read by Mrs. C. F. Seitz. The subject was "Leah and Rachel." Mrs. W. E. Crist read a paper on the missionary subject of "The Modern Woman of Africa." Mrs. Harry Groce's part of the program was the reading of her report of the recent Missionary Conference which she reported in a very interesting manner. The dues of Schubert's "Serenade" and "Sleepy Hollow Lullaby" were sung by Miss Mildred Barthelmas and Mrs. Catherine Reid, which were followed by two delightful duets sung by Mrs. J. O. Eagleson.

These were "Little Mother of Mine," and "An Old Fashioned Mother." Miss Mary Heffner, who played the accompaniment for these singers played for the two following solos, "Why I Love You," "A Posy Rare," by Mrs. George Hunsod. Two whistling solos, "Ah, Sweet Mystery of Life" and "Through the Shadows of Your Heart" by Miss Barthelmas closed the very entertaining program. These preceded the repeating of the Lord's prayer, after which came the social hour with the serving of refreshments by the May lunch committee.

WALLACE'S BREAD tastes better because a uniform and select grade of finely milled flour is used in the baking. And every other ingredient that contributes to the goodness of Wallace's Bread is selected on the highest standards of purity and richness.

Even the bakers are selected for their skill and experience—for their ability to turn out Wallace's Bread today as good as it was yesterday.

For an experiment, serve Wallace's Bread at dinner this evening. The fact that more bread than usual is consumed will clearly indicate that Wallace's Bread is the family's choice.

VON BORA SOCIETY TO HONOR MOTHERS.

The members of the Von Bora society of the Trinity Lutheran church will entertain their mothers to a covered dish supper Monday evening at 6:30 o'clock at the parish house on E. Mound-st. During and following the dinner a toast master will have charge of a short and very entertaining program.

MRS. EVELAND WINS CLUB PRIZE

Mrs. Don Morris and Mrs. Ned Groom were guests Thursday night at the home of Mrs. Tom Renick when she acted as hostess to her bridge club. The winner of the prize for the evening's high score was Mrs. Harold Eveland.

MRS. PEER IS HONORED

The children and grandchildren of Mrs. A. E. Peer gathered at her home on Powell-st., Ashville, on Sunday, May 5, to celebrate her 88th birthday anniversary. Upon arrival home from Sunday school and church a basket dinner was served to 35 guests. Everyone enjoyed the day and on departing all wished grandmother many more happy birthdays.

ANNUAL BANQUET FOR MOTHERS AND DAUGHTERS

More than 60 guests were present Thursday night at the Methodist church, at the Mother and daughter banquet, an annual affair of the Young Married Ladies' Bible class of that church. All were seated at one long table for the

elaborate two course dinner. The center decorative piece on the table was a great basket of colorful flowers of the month, and the crystal candelabra holding lavender tapers, formed the keynote of the color motif of lavender and white. The napkins too, were lavender, and formed a design of this color along the edge of the white table cloth. At each place set for a guest, was a beautiful tulip, a favor in honor of Mother's day, which the dinner celebrated.

As the feature of the after dinner entertainment, 22 members of the class offered a comedy skit, "The Spinsters' Convention." This highly comical performance was made more humorous still by the parts portrayed by Mrs. Homer Gleadell, Mrs. I. E. Gephart, and Mrs. Paul Reid. Mrs. Fred Griner, Mrs. Dwight Binns and Mrs. Noel Fry also had leading parts.

There were guests present from Ironton, New Holland, Amanda and several other nearby towns.

AID SOCIETY IS ENTERTAINED
Mrs. Val Valentine, president, presided at the business meeting Thursday afternoon, of the Ladies' Aid society of the Dreisbach Brethren church, which was held at the home of Mrs. I. M. Friece in Salterbrook-twp. More than 40 members and guests were present, who participated in the business session, and enjoyed the social hour that followed. Mrs. Harley Roll and daughter, Miss Helen Roll were joint hostesses to the affair.

The interesting program of the afternoon consisted of readings by

Mrs. E. C. Aldenderfer and Miss Mary Karshner, a piano solo by Miss Blanche Walliser, and a vocal solo by Miss Vilif Waliser.

LADIES' SOCIETY HAS MAY MEETING

The meeting of the Ladies' society of Trinity Lutheran church, which was held Wednesday night, at the Parish house, was opened by singing of the hymn, "Spread, Oh Spread, the Mighty Word," and was followed by scripture reading and prayer. The Rev. G. J. Troutman then offered a prayer for Mrs. Mary Ramer Glick, and the members all united in singing "Nearer, My God to Thee," in memory of Mrs. Glick and of Mrs. Harriett Teegardin, two members of the society, who have recently died.

The program then continued with a missionary paper which was read by Mrs. C. F. Seitz. The subject was "Leah and Rachel." Mrs. W. E. Crist read a paper on the missionary subject of "The Modern Woman of Africa." Mrs. Harry Groce's part of the program was the reading of her report of the recent Missionary Conference, which she reported in a very interesting manner. The duets Schubert's Serenade and "Sleepy Hollow Lullaby" were sung by Miss Mildred Barthelmas and Miss Catherine Reid, which were followed by two delightful duets sung by Mrs. J. O. Eagleson. These were "Little Mother of Mine," and "An Old Fashioned Mother." Miss Mary Heffner, who played the accompaniment for these singers played for the two following solos, "Why I Love You," "A Posy Rare," by Mrs. George Himrod. Two whistling solos, "Ah, Sweet Mystery of Life" and "Through the Shadows of Your Heart" by Miss Barthelmas closed the very entertaining program. These preceded the repeating of the Lord's prayer, after which came the social hour with the serving of refreshments by the May lunch committee.

MR. BOLENDER HONORED ON BIRTHDAY ANNIVERSARY

Mrs. John Bolender entertained Wednesday night to six tables of euchre in honor of her husband's 70th birthday anniversary. At the conclusion, Mrs. Fred Donnelly had the honor of accepting the award for high score, and the men's high score was made by Mr. Harold Pontius.

The guests present to enjoy the affair were Mr. and Mrs. Fred Donnelly, Mr. and Mrs. Clay Hitler and daughter Helen, and son Lewis, Mr. and Mrs. M. J. Valentine, Mr. and Mrs. T. L. Pontius and daughters, Irene and Marvene and sons, Harold and Wilbur, Mr. and Mrs. Merton Westenhaver and daughters, Helen, Elmore, Mary and Marjory, Mr. and Mrs. U. L.
